

Alex Burke

“The past two years have been some of the best in my life, I’ve met so many amazing people. Carmel has given me so much support and so many skills. I’ll never forget my time here.”

High School:

Rainhill High

Achievements at Carmel: 2017-2019

Maths (A)
Biology (A)
Chemistry (A*)

After Carmel:

Durham University
MChem Chemistry

I’ve been really enjoying my time at university. It’s definitely a step up but my time at Carmel has prepared me well for it. I’ve met lots of people both on my course and at my college, and I’m loving my time here. I’ve joined a few societies such as Northern Society and Chemistry Society, as well as trying out college rowing.

I’m currently on the 4-year chemistry course but I’m thinking of enquiring about a year in industry in my fourth year, to help once I’ve left university.
