

Betsy Babyson

“I really enjoyed my two years at Carmel. All of the tutors are really supportive and caring. The atmosphere is very welcoming and it was one of the best decisions of my life.”

High School:

De La Salle

Achievements at Carmel: 2017-2019

Statistics (B)
BTEC Applied Science – Double (Dist*, Dist*)
EPQ (B)

After Carmel:

Leeds Beckett University
Biomedical Sciences

University is going really well, I'm really enjoying it. It's a big change from Sixth Form as you have to be a lot more independent and you don't get as much contact time with your lecturer. You are expected to do a lot of work outside of uni to make sure that you understand everything. My lecturers all wonderful though and are willing to spend some time after lectures to help you out.

I haven't joined any societies just yet but I am planning of joining the Biomed Society and the Indian Society. I am planning on looking for a summer placement, which will give me a better understanding of what life as a biomedical scientist is like.
