

Jess Caldwell

“Carmel is somewhere I will always look back on with pride and happiness. All my teachers were wonderful and pushed me to achieve my potential.”

High School:

The Sutton Academy

Achievements at Carmel:
2016-2018

BTEC Health & Social Care (Double) – Dist*Dist*
BTEC Applied Science – Dist*

After Carmel:

Staffordshire University

Biological Science

I'm studying Biological Science at Staffordshire University on my journey to become a Microbiologist! I'm really enjoying it and have made plenty of new friends here. It's been truly wonderful but also a challenge. Carmel really set the foundations ready for university making it much easier to settle in and get used to the work.

Without the support from Carmel I would never be on my path of Microbiology. I thank everyone there for the such enjoyable experience and fantastic memories.
