“

My Experience

“I enjoy all my subjects, especially gardening, digital media and hospitality. I enjoy gardening the most because it is relaxing and calming. It also helps me stay focused on my tasks.

For extra-curricular I have been to Wetherspoons a couple of times. I really enjoyed ordering my own food and it made me feel like I could actually do something without having to ask.

The highlight of my time at Carmel has been making friends with students outside my own class. I also like the way the staff treat us like adults but in a fun way.”
