EXAM BOARD

PEARSON

“

My Experience

“I have loved studying Health and Social Care. It has given me the opportunity to gain valuable skills that I can apply to my career in the future. The opportunity of work experience has given me the chance to gain hands on experience within a job in the sector.

This is a great course as it combines exams and coursework. It teaches you the values and skills needed to become an effective care practitioner and look after some of the most vulnerable people in society.”
