EXAM BOARD

PEARSON

“

My Experience

“I chose to study the BTEC Sport Diploma because I currently represent England Rugby at U18 level. It's a really enjoyable course covering units such as Careers in Sport, Anatomy and Physiology, Fitness Programming, Practical Sports and many more. This has allowed me to develop my subject knowledge and understanding of sport.

Assessment includes exams and assignments and I have developed skills such as essay and report writing, research skills, meeting deadlines and exam technique. The teachers are very supportive and are always willing to give you feedback.”
