A LEVEL MATHEMATICS

- This highly regarded and enjoyable A Level will impress any future employer and prepare you for further study in a wide range of disciplines involving the use of Maths.
- We are very proud of our Maths students' outstanding record of achievement over many years.
- You will receive first class tuition using a variety of teaching strategies.
- We also offer an excellent support programme too.

EXAM BOARD
Pearson

YOU WILL STUDY

- The A Level builds on what you learnt at GCSE level (number, algebra, graphs, trigonometry)
- Introduction to calculus and its applications
- How mathematical ideas are interconnected
- How to make sense of data, to understand the physical world
- How to solve problems in a variety of contexts

ASSESSMENT

Three exams at the end of the second year of study.

UKMT Senior Kangaroo Challenge

YOU'LL LOVE...

Our extra-curricular programme which includes problem solving workshops, competitions including UKMT Senior Maths Challenge and the Liverpool Maths Society Pop Maths Quiz, a workshop with a University of Oxford professor, Chess Club, and more.

WE OFFER...

Extension paper support for students wanting to study at competitive institutions and need to take an admissions test.
