EXAM BOARD
NCFE

T LEVEL EDUCATION & EARLY YEARS

- Develop your knowledge across topics such as child development, safeguarding and special educational needs, as well as learning about the role of families and support agencies.

YOU WILL STUDY

- Topics such as child development, safeguarding and special educational needs
- The role of families and support agencies
- The specifics of social interaction, how language is acquired and understanding behaviour
- One occupational specialism, either Early Years Educator or Assisting Teaching
- Relationship building and promoting play, development and early education
- How to become a collaborative and reflective practitioner

ASSESSMENT

Year one: Two written exams covering the core content as well as an employer set project.

Year two: Undertake different synoptic assignments. For the Early Years Educator pathway, one assessment will involve observations on work placement.

COURSE STRUCTURE

The technical qualification is split into 2 component parts:

Core component: the knowledge and underpinning concepts, theories and principles as well as core skills for the education and early years sector.

Occupational specialisms: Early Years Educator or Assisting Teaching

Students will only complete one occupational specialism. The occupational specialism will provide students with the knowledge and skills required to enter employment or further study in the specific occupational area.
