

Charlie Harding

Business Management

Class of 2017 Alumni

Higher Education

PHD University
of Liverpool

Studied at Carmel

**BTEC Applied
Business
(Double Award)**

High School

Wade Deacon

I wouldn't have achieved what I have today without Carmel. My tutors were so supportive and always pushed me to realise my potential.

"During my time at UoL, I completed two summer internships with Investec Wealth and Investment which gave me the opportunity to put my university work into real world situations. I then completed my Masters Degree, focusing on technology and AI in management studies. I'm now in my second year of my PHD, working on a project relating to technology and AI within research centres. I have had and continue to have opportunities to network, travel and attend many events."
