English Lit	A*
EPQ	A*

High School

Notre Dame
Catholic College

My time at Carmel was unforgettable and incredible. It prepared me for university both academically and socially. My tutors always went above and beyond to make sure I had what I needed to thrive, and were always there to listen and help.

“Cambridge is everything I dreamed it would be and more despite the current situation. I have made so many friends from across the country and globe, been elected as the Women’s and Non Binary Officer for King’s College, and I am thoroughly enjoying my studies.

I have also started a university wide Feminist Book Group and been elected as representative for the 93% club which focuses on giving state school children the support they need to access Oxbridge. The college have even enabled us to have household formals!”
