I loved my time at Carmel and met some of my closest friends there. I was also given the opportunity to travel to Berlin and Barcelona with the art department which I really enjoyed.

"After Carmel I began a Fashion Imaging and Styling degree at The University of Salford. The course and facilities were great and I loved being near Manchester Centre.

I found years 2 and 3 challenging and was unsure if the career path was right for me. However, my tutors were really supportive so I stuck at it and graduated in 2020.

After graduating I found a job in a local estate agents and I'm really enjoying it. I love the people I work with and get to apply the skills I learnt at Carmel and university everyday. I wouldn't be where I am now without those experiences."
