**I'll never forget my time at Carmel. The amazing teaching and dedication from the tutors gave me the confidence to always strive forward with the skills I have to achieve great things. A special shout out to Lesley & Laura who taught with so much passion and knowledge.**

“I graduated with a 1st Class Hons Degree and was hired by a creative agency in Liverpool while doing my final project at Sheffield Hallam. I worked as their Junior Designer for a year and half and got the opportunity to work on amazing design projects for clients such as Geetas, Sun Valley & Swizzels! In July I started a new role for an E-commerce company to be their Marketing and E-commerce Manager. During my time here so far I have lead projects on their rebrand, new website and created marketing campaigns to increase sales. I hope to continue to grow in the Marketing industry, specialising in combining SEO and Creative Marketing!”
