Medicine

Class of 2020 Alumni

Higher Education

Medicine
Imperial College London

Studied at Carmel

Biology	A*
Chemistry	A*
Psychology	A*
EPQ	A*

High School

The Belvedere Academy

My time at Carmel was fantastic! The staff continuously supported and encouraged me to reach my potential. I met friends who I'm still in contact with until this day.

“My first term at uni has been a wonderful experience! I've enjoyed settling into my accommodation; making new friends on my course; meeting lecturers and commencing our modules.

Despite COVID circumstances, Imperial College London has offered a multitudinous array of opportunities. I've been really lucky to have in-person teaching to complement my online learning. We've also been able to undertake GP placements, allowing us to engage with patients through calls to improve our clinical and communication skills. Medicine is my passion and I feel so grateful to be able to study my course in London.

I was also elected as a Medical Academic Representative for my cohort; achieved a Medical scholarship for outstanding performance during the admission process; was selected for committee positions in various societies and was even asked to feature on the Imperial College School of Medicine Student Union Instagram page by doing a day-in-the-life takeover.”
