

Fern Morgan

Football League Co-ordinator

Class of 2019 Alumni

I thoroughly enjoyed my time at Carmel, the quality of teaching was very high and I made some great friends. I would highly recommend Carmel due to its teaching quality and approach to giving students space to grow as independent teens to adults.

"I graduated from the Uni of Leeds in 2022 and have since been working for the Football Association in Sheffield and Hallamshire. I have been employed full-time as their League Co-ordinator helping to organise and develop their football leagues across the South Yorkshire region. This included running leagues for women, students and U18 sunday leagues. I left this organisation in October 2023 to take some time out to travel and to develop my trade skills."

Higher Education
