## Photographer

### Class of 2019 Alumni

Higher Education

Photography  
University of Huddersfield

Studied at Carmel

Fine Art	A*
Photography	A
Geography	D
UAL Art Foundation	D*

High School

The Prescot School

**My time at Carmel was extremely beneficial to my future. The skills I gained from each subject have stuck with me during my time at university and post-graduation. I made friends for life and was continuously supported by the tutors.**

"After Carmel I went on to study BA (Hons) Photography at the University of Huddersfield until 2022, and obtained a first class degree. Immediately after studying an undergraduate, I went on to post-grad study and completed a masters in photography at Huddersfield. Whilst studying, I have been working two jobs that are local to me in order to gain experience.

Since graduating at the end of last year, I am now looking for work that is focused more around my degree and is greatly refined towards my passion for creativity."
