

Abbey Colduck

Graphic & Media Design

Class of 2022 Alumni

My time at Carmel helped me realise the career path I wanted to take and showed me how I could turn my genuine interests and hobbies into something meaningful. The support I received from the tutors gave me the confidence to explore my creativity and continue into studying graphic design at university.

Higher Education

**Graphic & Media Design
UAL London**

Studied at Carmel

Graphic Design	A
Photography	A
Computer Science	D

High School

Lord Derby Academy

“I’m currently in my 3rd year studying Graphic and Media Design at the University of the Arts London and will be graduating this July. I’ve really enjoyed developing my own design style, experimenting with different tools and processes, and learning how graphic design operates within industry, while being inspired by a diverse creative community.

Alongside my studies, I completed a summer abroad in 2025 working at Walt Disney World as a PhotoPass Photographer, which built my confidence in a fast-paced, professional creative environment. After graduating, I hope to move into branding and marketing while continuing my passion for photography and content creation.”
