High School

Maricourt Catholic
High School

I thoroughly enjoyed my time at Carmel. The support from my teachers, along with the enrichment opportunities I was able to take part in, helped me develop confidence and mature both academically and socially. I also made lifelong friends during my time there who remain an important part of my life.

After leaving Carmel, I progressed to graduate with a first class English degree from Loughborough University. I adored my time at Loughborough, especially my involvement in sport and charring societies which deeply enriched my experience.

I am currently completing my PGCE in Secondary English at Liverpool Hope University, and I am delighted to share I have already secured a teaching position at Padgate Academy for the next academic year.
