

Lucy Cunliffe

BSc Maths Undergraduate

Class of 2022 Alumni

Higher Education

Maths with Data Science
& Exercise Science
**University of Virginia's
College, Wise**

Studied at Carmel

Biology	A
Mathematics	A
Physical Education	A*

High School

Brychall High School

My time at Carmel was great. I really enjoyed my subjects and got such good support and help when it was needed. All of my tutors were amazing and I can't wait to do one of my PGCE placements there hopefully!

"My time in the US has been amazing. I graduate in May this year. I will finish with a BSc. Mathematics with Data Science and Exercise Science specialisations. Playing tennis at university was amazing, the whole experience has been fantastic with such a supportive coach and team, as well as a great program. I am very lucky.

I have lots of amazing memories that I will keep with me forever and lots of new friends too!

After graduation, I am going to do my PGCE and hopefully become an A Level Maths teacher!"
