

# Molly Glover

## Law Master's Student

### Class of 2022 Alumni

**At Carmel I felt so supported by my tutors, who really pushed me to achieve my full potential. I would not be where I am today without their encouragement.**

I graduated with a 2:1 in Politics and International Relations and am currently completing an LLM in International Human Rights Law and Practice. I undertook a two-week field research placement in Cape Town, researching gender-equitable sports facilities and their impact on gender-based and gang violence in the Cape Flats with the Cape Town Sexual and Reproductive Justice Coalition.

During my undergraduate studies, I was Secretary of the award-winning film and TV magazine Spotlight and Events Officer for the York Politics Society. I am now Co-President of the Politics Society. This semester, I am part of the Disability Street Law Clinic, working with NGOs in Hong Kong on disability and workers' rights in China.
