WANT TO BE A DOCTOR LAWYER NURSE ENGINEER TEACHER... & MORE?

It's never too early to start planning your future. Here are some tips and advice to help get you started...

Do your research

If you have a career path in mind, find out what's involved and what qualifications, skills and experience you will need.

What do you enjoy / what are you good at?

If you are unsure about a career path, consider a subject you enjoy and what your strengths are. You are more likely to be successful in a subject that interests you.

How do you learn best?

Consider your learning style because A Levels are usually assessed by exams, whereas BTECs, AAQs and Diplomas tend to involve more coursework and practical experience.

WHAT ARE MY OPTIONS?

Carmel College offers a wide range of subjects that lead to a variety of progression routes including university, apprenticeships and employment.

With so many course combinations available, you'll be spoilt for choice!

A Level Programme

You will need 5 x grade 5s or above at GCSE or equivalent.

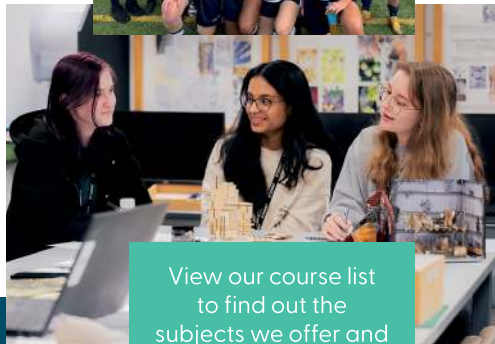

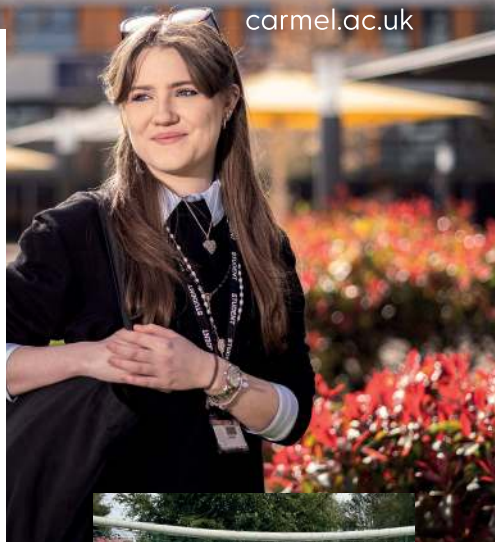

BTEC / AAQ / Extended Diploma Programme

You will need 5 x grade 4s or above at GCSE or equivalent.

T Level Programme

You will need 2 x grade 5s and 3 x grade 4s or above at GCSE or equivalent.

While at Carmel, I have achieved so much. I have learnt about myself and what I want to do because of my tutors and the people I have met while studying here!

LUCY POPE

**St Edmund Arrowsmith
Catholic Academy, Whiston**
Criminology, Psychology, Sociology (AA DIST*)
Now studying Primary Education at
Edge Hill University

Studying at Carmel allowed me to explore my interests through extracurricular clubs like the Debate Society and visiting the European Parliament in Strasbourg. These unique experiences, along with strong academic support, made my time at Carmel both enjoyable and productive, helping me realise what I want to do after college.

MICHEL HACHEM

Rainhill High School
Economics, Politics, Mathematics (A* AA)
Now studying Political Economy at
King's College London
